

HaoweiFan's Paper*

this is subtitle

Haowei Fan

September 19, 2024

This project is for marriage analysis in Toronto from 2015 to 2020.

1 Introduction

You can and should cross-reference sections and sub-sections. We use (**tal**ia?), Gelfand (2022), and (**rohan**?).

The remainder of this paper is structured as follows. Section [2](#)

2 Data

Some of our data is of penguins (Figure [1](#)), from (**palmer**penguins?).

Talk more about it.

And also planes (**?@fig-planes**). (You can change the height and width, but don't worry about doing that until you have finished every other aspect of the paper - Quarto will try to make it look nice and the defaults usually work well once you have enough text.)

3 Discussion

3.1 First discussion point

If my paper were 10 pages, then should be be at least 2.5 pages. The discussion is a chance to show off what you know and what you learnt from all this.

*Code and data are available at: [LINK](#).

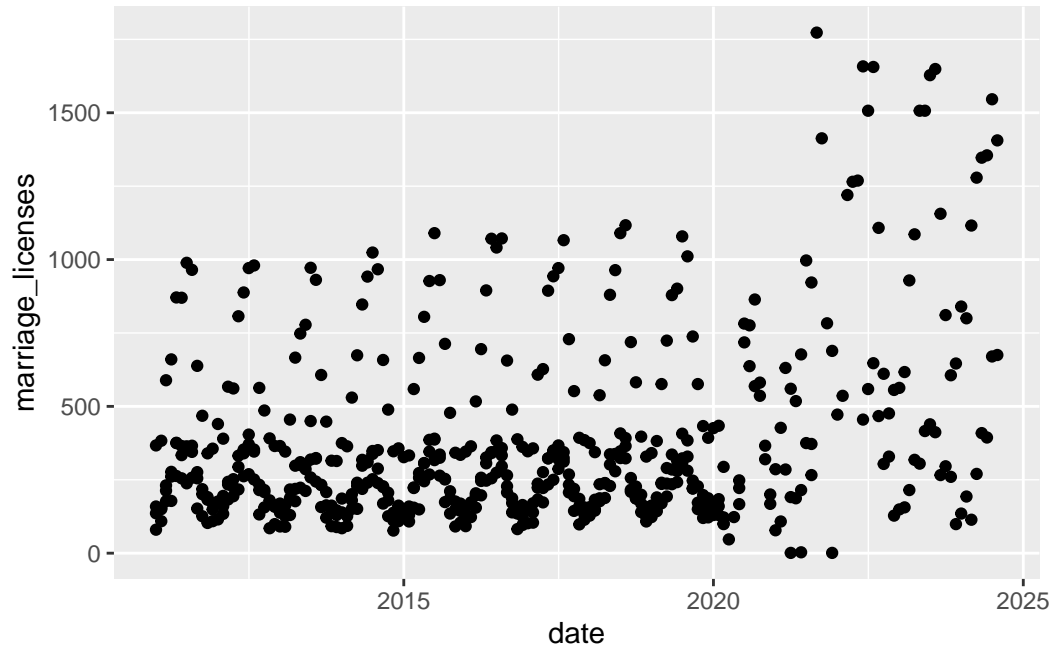

Figure 1: Bills of penguins

3.2 Second discussion point

3.3 Third discussion point

3.4 Weaknesses and next steps

Weaknesses and next steps should also be included.

Appendix

A Additional data details
